hi all, I'm back working today (although a bit medicated)

how is everybody doing?

I'll reach out individually during the day. Presently there are a number of accounts that have creation deadlines...

**brynmagic** 8:49 PM

Glad to hear you're doing better. I'm waiting to hear back from Ann (cispa) with her thoughts around my suggested messaging.

I texted her yesterday and she said she had been at soccer tournaments all weekend but had received it

Still planning on sending today

**kimmon** 8:52 PM

**brynmagic** 8:54 PM

Awesome. What's the best procedure for incoming schools at the moment? Let's talk today?

**kimmon** 8:55 PM

Reach out, describe the product, send them one of the collateral materials, gauge interest and answer questions so we understand their needs fully, and put them on the waiting list

**brynmagic** 9:02 PM

Yes this one is time sensitive so will do immediately. I just mean the best way to proceed as they come in ongoingly... to have me sep reach out re fundraising or have it be part of the initial response?

**kimmon** 9:02 PM

I see - let's think about that
